Our Story

At Surface Studios, we believe tiles should do more than simply cover a wall or floor, they should inspire the spaces where people live and work.
Our collections are designed to bring together timeless style and modern functionality. Drawing influence from high-end interiors and natural materials, we create ranges that are aspirational yet practical, delivering the aesthetic impact designers, retailers and homeowners look for, backed by the reliability trade professionals depend on.

Crafted in Italy and across Spain, our porcelain, ceramic and glass tiles combine design-led detail, technical performance, and lasting durability. We make it simple to specify, stock, and style with confidence, helping our customers bring beautiful surfaces into everyday life.

FORGED COLLECTION

Inspired by the lived-in beauty of oxidised metals, Forged pairs a softly textured, matte surface with subtle, light-catching depth. Made in Italy from high-grade porcelain, each colourway in this range offers the same robust performance, and multiple unique faces for natural variation. Suitable for walls and floors, indoor and outdoor use, with slip ratings specified by style in the technical guide.

Forged Emerald

Forged Emerald is part of our industrial-inspired Forged collection. Made in Italy from high-grade porcelain, it channels the patina of oxidised metal in a deep jewel-toned green. A matte, textured finish catches the light in subtle iridescence, perfect for creating statement interiors.

Available formats: 74×300 · 300×600 · 600×1200 (9.5 mm)

SLIP / WEAR RATING:
MATT - R10 / PEI 3

Forged Titanium

Forged Titanium makes a stylish statement through restraint. Crafted in Italy from premium porcelain, its neutral tones and textured surface define a space with understated confidence. Whether styled within a minimalist scheme or layered into an industrial interior, it delivers refined consistency and lasting durability across residential and commercial settings.

Available formats: 74×300 · 300×600 · 600×1200 (9.5 mm)

SLIP / WEAR RATING:
MATT - R10 / PEI 4

Forged Iron

Forged Iron delivers architectural presence and grounded elegance. Its metallic grey tones and structured finish pair effortlessly with softer materials such as wood or concrete, creating modern, balanced interiors. Available in two versatile sizes, Forged Iron adapts beautifully to rooms of every scale.

Available formats: 300×600 · 600×1200 (9.5 mm)

SLIP / WEAR RATING:
MATT - R10 / PEI 2

Forged Lava

Forged Lava is an Italian - made porcelain tile that captures the drama of oxidised metals and volcanic geology. Rich rust-brown and terracotta tones are enlivened by a subtle, iridescence sheen, evoking the weathered beauty of Corten steel and rugged earth textures. The result is a surface that feels both raw and refined, bringing warmth and character to contemporary and traditional interiors.

Available formats: 300×600 · 600×1200 (9.5 mm)

Cawsand

The Cawsand range captures a refined, contemporary coastal aesthetic - calm, bright and effortlessly elegant. Available in White and Beige, each colourway comes in both a plain and decorative linear finish, designed to work harmoniously together. The soft matt glaze enhances the natural tones, diffusing light beautifully and creating a sense of calm sophistication. Whether used to design a serene bathroom sanctuary or a minimalist living space, Cawsand brings understated luxury to any setting.

Zennor Slate

Crafted in Italy, Zennor Slate captures the raw beauty of weathered coastal stone, inspired by the rugged cliffs and shifting skies of Cornwall's north coast. Soft graphite greys and subtle tonal variation, create depth, texture and understated elegance.

Delivering the look of natural slate with the durability of porcelain, its balanced grey palette - neither too cool nor too warm - offers a versatile foundation for both contemporary and classic interiors, across floors and walls.

Designed for modern living, it provides a hard-wearing, low-maintenance surface without compromising on authenticity.

EXTERNAL

Kelyn Stone

Kelyn Stone is a porcelain collection defined by quiet luxury, where the timeless character of natural limestone is reinterpreted through a refined architectural lens. Inspired by Cornwall's weathered coastal stone and sculpted landscapes, the collection combines softly undulating texture, delicate mineral movement and nuanced tonal layering to create surfaces of understated sophistication.

Available in Beige and Grey, each colourway has been carefully developed to evoke the natural elegance of aged stone, balancing warmth, depth and subtle variation with a calm current aesthetic. The intentionally irregular edges and lightly textured finish enhance the authenticity of the design, echoing the tactile beauty of traditionally quarried limestone while maintaining a clean, modern sensibility.

Seralis Collection

A celebration of colour in its most harmonious form, Seralis reimagines the small-format porcelain brick tile with soft serenity and playful sophistication. Its palette moves effortlessly from calming shades of sage, white, turquoise and pink to richer, uplifting tones - a combination that feels both timeless and expressive. Made in Spain with meticulous attention to detail, Seralis features a softly textured surface and eight unique faces, bringing handcrafted character and authenticity to both contemporary and classic interiors.

Whether laid in herringbone, stacked or offset formations, Seralis brings spaces to life with rhythm and personality - yet always feels balanced and refined. Designed as the perfect companion to Auralis, it offers designers and homeowners alike a versatile way to introduce colour, texture and quiet confidence into any interior scheme.

Towan Collection

A contemporary take on the classic brick tile, this beautifully elongated porcelain collection combines a distinctive 4.8 x 44.5cm format with a soft matt finish and a choice of Blue and White. Pink and Green arrivng in October.

Long, slender proportions give the tile an elegant architectural quality, creating strong linear definition and a sense of movement across walls and floors. Lay horizontally for a relaxed, expansive feel, vertically to emphasise height, or explore stacked, herringbone and alternative laying patterns for a more individual design.

The matt surface gives the collection a sophisticated, contemporary character, offering a subtle alternative to the glossy glazed finishes often associated with traditional brick and metro tiles.

Made from durable porcelain, the collection combines decorative appeal with the practicality required for modern interiors. Its unusual 4.8 x 44.5cm format works beautifully in kitchens and bathrooms, across feature walls and floors, or wherever a conventional brick tile feels just a little too ordinary.
